

No More Whacky Worship (God's Revival Series, #1)

by Omaudi D. Reid

ENDORSEMENTS

Ministry leaders worldwide including pastors, bishops, and evangelists have endorsed No More Whacky Worship. The following are some of the comments from leaders who have endorsed the book.

This very informative, powerful, easy-to-read book is a must for the body of Christ at a time of much confusion concerning genuine worship. I especially recommend the chapters, “Freedom from Divination” and “Unload and Lift off”. You don’t want to miss these eye opening pages.

General Overseer, Harvest Army Church International

Pastor Reid addresses a spiritual problem of colossal negative impact, *whacky worship*. In fact, *whacky worship* led to the first murder in history. Cain’s whacky worship in Genesis chapter 4 was rejected by God but Abel’s genuine worship was accepted. Cain became jealous of Abel’s acceptance and killed him.

Pastor Reid in *No More Whacky Worship* seeks to inform and deter people from Whacky Worship, which is false worship. He then seeks to enlighten them of true spiritual worship, which is done in spirit and truth as the worshipper synergizes in spirit with God and corporately with fellow worshippers. This is an informative, inspiring and a life-changing book, if you put it into practice.

Author, Reign in Your Domain”

No More Whacky Worship” is a master piece, enlightening, challenging and a must-be-read book by

all Christians. God has used his humble servant Omaudi D. Reid to pen great insights of what true worship is, that which pleases the Lord; and also, that which is a hindrance to us and a stench in His nostrils. Read with an open heart. It will revolutionize your thinking and your lifestyle, for the Glory of God. I recommend this book to all.

Pastor Reid has done it again!

Pastor Reid has found a new term “Whacky”, and used it in such a way that I would not have associated with worship. He used this unusual term to identify and describe compromising trends towards genuine worship. God has enabled him to open doors, unveiling the real essence of true worship and adoration. He clearly demonstrates and articulates that true worship ought to be authentic.

We are invited to journey together with him in this paradigm shift transforming our “private worship for public praise.”

The Foreword

:No More Whacky Worship is an anointed, concise teaching on true spiritual worship. The teachings given are keys to enter the presence of God. Overseer Omaudi Reid is a Spirit-filled teacher who communicates with great clarity. He gives in details what is, and what is not true worship.

The author was led to write this book because he observed that many do not know what constitutes true worship. He noticed that many in the church and outside the church believe they are worshipping God but they are not. The book illustrates how the woman at the well in John 4:22-23 was told, *ye worship ye know not what... the true worshippers shall worship the Father in spirit and in truth...* This

condition of many today is why this book was written; they are ignorant of true worship.

I am convinced that as you peruse the pages of this powerful resource, that your worship will collaborate with the Spirit of God. The book enlightens the reader to the hindrances to true worship. Some of the hindrances include idolatry, divination, wrong church, worldliness, and sexual sins. Then it tells you how to unload, get rid of these hindrances and lift off into true worship, into the very presence of God.

“No More Whacky Worship” is directed by God because it deals with the condition of society and the world today, whacky worship. But God wants people to worship Him in spirit and truth and not just by mere singing, raising hands and shouting.

I welcome this book, *No More Whacky Worship*. The social, moral and spiritual condition of the nations definitely necessitates this book. It gives Spirit led direction for true worship because the days of whacky worship are over.
